ABOUT THIS GUIDEBOOK

This guidebook provides general information to assist veterans, service members, and their families who are attending the University of Utah. It provides information regarding the most common processes, policies, services, and resources applicable to military-affiliated students, but it is not all-encompassing. Because many of the resources and services discussed are administered by entities outside of the VSC, this guidebook is not an authoritative document and the information herein may be out of date. For authoritative and most current information, contact the office that governs the program of interest.

USING YOUR GI BILL

The Registrar's School Certifying Officers (SCOs), who certify enrollment for students eligible for VA educational benefits, are located in the Veterans Support Center. For GI Bill questions or to start your benefits, please contact them at vetservices@utah.edu or (801) 581-6945.

Documents Needed

The documents you will need are listed below; however, you might need others, depending on your individual situation and benefit entitlements.

Certificate of Eligibility

If you are applying for the Yellow Ribbon Program, you will need this document, which can be obtained by applying for benefits at www.benefits.va.gov/gibill/get_started.asp. If you complete the form online, notify the SCOs as soon as possible. This statement must be on file in the Registrar's Office in order to receive your benefits. Contact the SCOs for more information.

DD214

The DD214 is an important document for all veterans requesting any veterans' benefits. You can request your DD214 here: www.archives.gov/veterans/military-service-records/.

Request for Benefits

This is a university form that must be printed, completed, and submitted to the SCOs. You can get the form at registrar.utah.edu/_pdf/va-request-for-benefits.pdf. **The form must be submitted every semester in order to receive benefits.** Enter the Campus Information System (CIS) (gate.acs.utah.edu) and click on the "Request VA Benefits" link in the "Financials" box on your student page. You can fill it out for an entire academic year (up to 3 semesters at a time), but make sure that you fill it out completely and that the years are accurate.

GI Bill Transfer Students

You must submit VA Form 22-1995 *Request for Change of Program or Place of Training* to the School Certifying Officers (SCOs), Union Building, Room 418.

Chapter 35 students will fill out VA Form 22-5495 *Dependents Request for Change of Program or Place of Training*.

Reactivated Benefits

If you have not been enrolled for a year or more, you must fill submit VA Form 22-8873 *Supplemental Information for Change of Program or Reenrollment After Unsatisfactory Attendance, Conduct or Progress* to the SCOs, Union Building, Room 418.

Approved Courses

The GI Bill only funds classes that are required for your degree and not those that are only "recommended." Your advisor and the SCOs can help you determine which courses are required and will be funded. Closely monitor your UMail for any alerts from the SCOs.

Dual Major/Minor

Several majors and minors do not require approval, while others do. The SCOs can help you understand which ones don't and help you apply for those that do.

Change of major

If you want to change your major, the SCOs can assist you with filling out the proper forms and processing your request.

Dual Enrollment

Assistance is available for requesting a Primary School Letter and processing it with the U of U and the secondary institution.

Tutorial Assistance

Tutoring is available if you are receiving at least half time VA education assistance. Visit the VSC for more information.

Repeating Courses and “E”, “EU”, “W” Grades

The VA will only pay for you to repeat a course if you failed the course or did not meet the minimum course grade to receive credit through your major. They will not pay for repeated courses to boost GPA or to keep you at full-time status.

In most cases, if you fail a course (receive an “E”), you will not be required to repay the VA. However if you receive an “EU” or “W” grade, the VA may require you to repay money. “EU” grades are typically given when a student stops attending a course. The “W” grade is given when a student drops a course after the drop deadline.

Financial Aid Verification

If you are receiving financial aid, you must print out a Web Automated Verification of Enrollment showing your VA benefits and take it to the Financial Aid Office.

Work-Study

If you are attending school at least $\frac{3}{4}$ time, you may be able to work part-time at the VSC, VA Regional Office, or VA hospital and receive non-taxable earnings. See page 12 for additional information.

Advance Pay

Chapter 30, 35, 1606, and 1607 students may be eligible for advanced pay. In order to qualify, you cannot have received benefits the previous semester and your signed request must be submitted at least thirty-five days prior to the beginning of the semester. Advanced pay covers the first (partial) and the second (full) month of the semester. Subsequent payments will occur as regularly scheduled. Contact the SCOs for more information.

A FINAL NOTE

There are over 1,100 student veterans at the U. We have veterans from every branch of the military, and “U Vets” can be found in classrooms in every undergraduate and graduate college. Our community is growing at the U. In the last academic year, the VSC had more than 7,500 visits from student veterans who know that it is a place for them to be themselves, enjoy camaraderie, and find support.

The VSC staff will go to the ends of the earth to support our brothers and sisters in arms and their family members. We can’t solve every problem and we don’t have all the answers, but we will do everything that we possibly can to help. All you have to do is ask.
